SETUP INSTRUCTIONS

SEGUE
DESIGNS

© 2024

= 1 sq foot

General Setup Instructions

- Read entire setup instruction manual prior to unpacking parts and pieces.

- The setup instructions are created specifically for this configuration.

- Setup instructions are laid out sequentially in steps, including exploded views with detailed explanation for assembly.

Cleaning & Packing

- For Cleaning Metal, Plex, & Laminate Parts: Use a **MILD NON-ABRASIVE** cleanser and soft cloth/paper towel to clean all surfaces.

- Keep exhibit components away from heat and prolonged sun exposure. **Heat and UV exposure will warp and fade components.**

- Retain all provided Packing Materials. All provided packing materials are for ease of repacking & component protection.

Part Identification - Numbering

Engaged Lock

Disassembly

- For loss prevention, keep all knobs & connectors attached to extrusions during disassembly.

WARNING

DO NOT USE POWER TOOLS

ALL CONNECTIONS MUST BE TIGHTLY SECURED

SEGUE DESIGNS
Straight Connection

When assembling frame, first attach all straight connectors, then attach corner connectors.

1) Place extrusions end-to-end.

2) Loosen all knobs, then slide straight connector across the seam of extrusions.

3) Tighten all knobs to secure connection.

Straight Connector
Slide connector across seam of extrusions. Tighten all knobs.

Disassembly

1) Loosen all knobs.

2) Slide connectors off of one extrusion.

3) Tighten knobs to prevent loss during packing & shipping.

Keep straight connectors in groove of extrusion. Do not remove connectors during disassembly.

All knobs must be tightened securely to ensure a proper connection.

Corner Connection

1) Loosen knobs, then slide vertical extrusions onto corner connectors of **lower** horizontal extrusion.

2) Slide corner connectors of **upper** horizontal extrusion into grooves of vertical extrusions.

3) Tighten all knobs to secure connection.

Disassembly

1) Loosen knobs on vertical extrusions.

2) Slide the vertical extrusions off of corner connectors on lower and upper horizontal extrusions.

Upper Horizontal Extrusion
Corner Connector
Corner Connector
Slide verticals over lower connectors.

Then slide upper connectors into groove of verticals.

Tighten all knobs.

Corner Connector
Corner Connector
Lower Horizontal Extrusion

Adjust connectors if necessary to prevent gaps in connection.

COMPLETED ASSEMBLY

All knobs must be tightened securely to ensure a proper connection.

# SEG Graphic Installation *in 3 Steps*

The Perfect Fit

STEP 1: *Attach Corners*

Always insert graphic
into each alternate corner,
then into the sides of
the frame. Otherwise
the graphic will not fit
into the frame correctly.

Insert narrow side of silicone welt into the channel at corner **1**, with fabric to the outside.

Repeat for opposite corner **2**, then corner **3**, then corner **4**.

STEP 2: *Attach Middle*

Once corners are attached, press the middle of edge **1** into the channel. Then press middle of edge **2** into the channel on opposite side.

Repeat with edge **3** & **4**.
To remove the graphic from the frame, locate the fabric **pull tab**. Gently pull on the tab to remove the graphic.

STEP 3: *Attach Sides*

Once the middle of sides are attached, fully press the silicone welt into the channel, between center and corner at location **1**. Repeat the process between center and corner at location **2**.

Do the same for welt on opposite side, at locations **3** & **4**. Then repeat for locations **5** & **6** and **7** & **8**.

Once the welt is fully inserted on all sides, smooth out edges as needed for a perfect fit.

PRESS in.
DON'T *slide* or *push*
along edge

Steps:

*Refer to the Tool-less Frame Assembly general information page.*

1) Assemble extrusions [1-2], [3-4], [5-6], [7-8] & [1-2], [3-4], [5-6], [7-8] together
   using straight connectors.
2) Connect vertical assemblies [1/2], [3/4] between horizontal assemblies [5/6], [7/8]
   using corner connectors. Repeat step, attaching [1/2], [3/4] between [5/6], [7/8].
3) Connect frame assemblies together using bolts & wing nuts.
4) Install Base Plates to bottom corners of frames. See Base Plate Attachment detail.
5) Apply SEG graphics to front of frames. *See the SEG Installation general information page.*
Completed Assembly

✳ Base Plate Attachment

1) Place key hole over bolt on panel
   & slide down.
2) Twist knob to secure connection.
